Subject: ANSUL RED LINE and SENTRY Hand Portable Fire Extinguishers – Alternate Manufacturing Location, Saudi Arabia

Dear Sir/Madam,

This letter is an authorization that Fire and Hazard Control Equipment Co. (FHC) located in Dammam 2nd Industrial Area-Saudi Arabia, has been approved as an Alternate Manufacturing Location of ANSUL-USA with all the applicable OEM requirements, UL-299, UL-154 and FM approvals.

FHC has been licensed from ANSUL-USA for assembly and fill RED LINE and SENTRY fire extinguishers as defined in the Annexure 001 attached to this letter.

FHC as an Alternate Manufacturing Location of ANSUL-USA is an endorsement to applicable International Quality, Safety, Health and Environment Management systems with audited "Initial Production Inspections-IPI" of UL & FM and manufacturer's test and inspection responsibilities.

This is in fulfillment of OEM requirements in producing the same product quality ANSUL for RED LINE and SENTRY fire extinguishers.

For and behalf of JOHNSON CONTROLS,

A handwritten signature in black ink, appearing to read "Adam Mevor".
