

FHC

FHC is a leading manufacturer of custom designed & integrated fire protection equipment with over two decades of experience in industrial applications across the MENA region. **FHC** has three state-of-the-art plants with 300,000 Sq.ft in foot print located in Dammam 2nd Industrial City in Saudi Arabia served by competent engineers and up to date fabrication equipment allowing us to design, produce and assemble a wide range of fire and safety products and systems.

Our Divisions:

- [Vehicles, Trailers & Containers](#)
- [Pipes & Skids](#)
- [Cabinets & Hose Reels](#)
- [Fire Suppression System](#)

Specialty Products

Quick Attack Vehicle

This vehicle combines a light rescue body with 6 compartments and maximum compartment space plus an open center rear body area for slide-in mounting of firefighting packages. The pump and roll units feature large water and foam tanks plus a variety of high pressure or high volume fire pumps.
